YOUR COMPETITIVE EDGE

INTRODUCING THE RIMMED CRYSTAL EFFECT FOR DANCESPORT

THE STORY...

For today's dancer who pursues every competitive advantage, Swarovski has developed a new crystal designed to recapture the era of classic style and glamour. Designed with the professional dancer in mind and the competitive lead at heart, this classic crystal design will command the attention of all and its show-stopping style will distinguish you from the rest.

Because the modern dancer wants to express their own personal style, the new Rimmed crystals come in a variety of bold colors, sizes and have two types of rim effects, elevating gender-fluid design directions to new heights. By using a simplified Hotfix application process, creating a unique look on apparel and accessories has never been easier. Swarovski has also added Rimmed Crystal effect Flat Backs with No Hotfix to the assortment, *specially for the dancesport market.*

For over a century, Swarovski has dedicated itself to making the world's finest, most brilliant crystals. Their passion is to ensure when you step out on to the dance floor, you capture and hold the audiences' attention throughout your entire performance.
